## Vertical Balers

---

# V-press 860 Plus

> With a pressing power of 55 ton and employing low-noise and energy-saving technology, the V-Press 860 Plus is the most economical and ecological solution for your waste disposal.

### Benefits

Savings on your waste collection

Tidy premises

Space and time saving

### Features

Special retaining claws optimize the compression of the pressing material and reduce the number of loading actions

Comfortable, easy-to-use membrane keypad with text display which show the current status of the machine

Sliding door with hand wheel door lock

Conforms to EN16500

---

## Vertical Balers

# V-press 860 Plus

With a pressing power of 55 ton and employing low-noise and energy-saving technology, the V-Press 860 Plus is the most economical and ecological solution for your waste disposal.

### Technical Data

Press Force	55 ton
Cycle Time	25 secs
Driving Power	4 kW
Machine Weight	2008kg
Voltage	3 phase, 400V, 50Hz

### Dimensions

Width	1797mm
Depth	1247mm
Height	2985mm
Transport Height	2132mm
Loading aperture	w: 1195mm h: 650mm

### Bale Data

Width	1195mm
Depth	780mm
Height	1200mm
Weight (Cardboard)	480kg*

\* The bale weight varies depending on type, humidity and condition of the compressed material together with bale length or height.
