

Compactors

5030B

> This bag compactor is sturdy, versatile and easy to use. The plastic bag can be used for most types of waste and requires little space.

This compact machine has a small footprint, offering high compaction ratios up to 10:1

Benefits

Savings on your waste collection

Tidy premises

Space and time saving

Features

Bag protected during compaction process

Open top-loading unit making it easy to feed material

Flexible compactor, helps prevent leakage and odours
