V-press 860 Plus

The V-press 860 Plus baler is an easy to use machine with a high pressing force, allowing an economical disposal of your packaging waste.

Key features :

- Informs you on display feature if recyclables have been loaded incorrectly
- Dual interlocked door sensors throughout the range
- Automatic opening door for easy loading
- Selectable programs for pressing cardboard or plastic
- Anti-vibration pads to reduce noise
- Special retaining claws optimising compression of the pressing material, increasing both the loading volume and bale output
- Rapid stroke technology
- Conforms to EN16500

Benefits :

- Savings on your waste collection
- Tidy premises
- Direct to mill size bale

Accessories to accompany this baler :

Galvanised wire

Strapping

phs Wastekit

Vertical Balers

The V-press 860 Plus baler is easy to use, helping you save on labour and costs.

Technical data	
Press force	55 tons
Cycle time	25 secs
Driving power	4 kW
Machine weight	2008 kg
Voltage	3 phase, 400V, 50Hz

Power supply	
Voltage	3 phase, 16 amp
Power	Red commando socket
Breaker	Type C or D backed up by RCD

Dimensions	
Width	1797mm
Depth	1247mm
Height	2985mm
Transport height	2132mm
Loading aperture	W: 1195mm H: 650mm

Bale data	
Width	1195mm
Depth	780mm
Height	1200mm
Weight (cardboard)	400-420kg*
Weight (plastic)	320-350kg*

* The bale weight varies depending on type, humidity and condition of the compressed material together with bale length or height.
